EDUCATION

Pandit Deendayal Energy University — **July 2023 - May 2027**

*Bachelor of Technology in Computer Science Engineering (CGPA: **8.19 / 10 (till Sem 6)***

Ahmedabad, India

PROJECTS

MERN Task Manager | React.js, Node.js, Express.js, MongoDB | GitHub

- Developed a full-stack task management web application with CRUD functionality using RESTful APIs.
- Implemented user authentication and session management for secure access to personal task data.
- Designed MongoDB schemas to efficiently manage task information including priority and deadlines
- Built a responsive frontend using React.js for seamless task tracking and productivity management.

URL Shortener | Node.js, Express.js, MongoDB | GitHub

- Developed a backend service that converts long URLs into unique short links for simplified sharing.
- Implemented URL redirection and click-tracking functionality using Express.js and MongoDB.
- Designed a database schema to store original URLs, shortened links, and usage analytics.
- Integrated QR code generation for quick access and sharing of shortened links.

Resume Analyzer | Python, NLP, Streamlit, Scikit-learn | GitHub

- Built an NLP-based system that extracts skills, education, and experience from PDF resumes.
- Implemented a resume-job description matching algorithm to calculate a compatibility score.
- Developed functionality to identify missing skills and suggest improvements for career readiness.
- Created a simple interactive interface using Streamlit for resume upload and automated analysis.

TECHNICAL SKILLS

- Programming Languages: C, Java, JavaScript, Python, HTML5, CSS3
- Frameworks / Libraries: React.js, Node.js, Express.js, Streamlit, Scikit-learn, Pandas, NumPy
- Databases: MongoDB, MySQL
- Developer Tools: Git, GitHub, VS Code
- Creative Tools: Adobe Premiere Pro, DaVinci Resolve
- Core Concepts: Object-Oriented Programming (OOP), Data Structures & Algorithms (Java), Database Management Systems (DBMS), Computer Networks, REST APIs, Natural Language Processing (NLP)

EXTRACARRICULAR ACTIVITIES

Editor-in-Chief — Video Graphic Association (VGA), Pandit Deendayal Energy University

- Led the video editing and post-production team of the university filmmaking club and coordinated creative projects.
- Edited a short film that was nominated in the **IFP 50 Hour Filmmaking Challenge 2024**.
- Produced and edited cinematic videos and digital media content for university events and competitions.
- Guided junior members in video editing techniques and post-production tools.
